
SWEET BEAN PHOTOGRAPHY

April 26, 2017

Current Prices:

Please note that booked sessions include a consulting meeting before the Photo Shoot and a preview meeting afterward to review your gallery, should you choose to schedule them. These can be in person or over the phone and they are very helpful for each of us. I want this to be a wonderful & fun experience for all and strive to provide you with what you envision your session to be.

Your edited gallery will be made available to you no later than 45 days after your session date.

There are several different packages to choose from;

One Hour Sessions: Includes at least 10 edited files and a 11x14 canvas \$125.00
The included canvas is beautifully crafted, ready to hang and made by one of my favorite print companies. This alone is worth over half of the session cost if purchased on your own. Additional canvases may be purchased at a special discounted price if interested.

*Don't want the canvas? That's not a problem. I will reduce the cost to \$99 for the session or you may use the \$26 as credit toward prints.

In Studio, on Location or Lifestyle. Outdoor session time is filled by moving all around a chosen location to find many different backdrops and poses. Studio time is filled by moving from previously set up backdrop options with multiple poses. Lifestyle are taken in or around your home. Up to 3 clothes changes can be made if desired.

*If interested in reunion style photos with a combination of more than one family, the cost is \$125.00 plus an additional \$55 for each extended family group included. This will include one canvas of your favorite group photo from the session. These can include entire group, family groups, generation groups and/or individual photos.

** 20-30 minute sessions are available for \$65 This will include at least 5 edited files.

There will not be time for clothes changes during these sessions and of course, less time to wander and try additional backgrounds. If the session gets extended past 30 minutes, an extra fee may apply.

SENIORS: The first hour long session is \$125.00. You choose your location and bring up to 3 changes of clothes. If you'd like to add another session at a different location, any added session will be discounted to \$65.00 Some of my clients enjoy having multiple seasons of photos taken. These can begin with September Sunflower fields and move through the fall leaves and falling snow. Spring brings beautiful flower beds and sports photos as well. We can cater to your likes and specifications. Join the "Seniors through Seasons" group and I will attend also attend one school performance or sporting event that you are involved in and offer a short Prom session. This is your special year, you've worked hard and earned the spotlight!

I also have a NEWBORN SESSIONS available. These are usually scheduled between day 5 and 12 and are \$175 per session due to the amount of time and work that go into them from beginning to end. Newborn sessions usually last around 2-3 hours with lots of snuggles, changing and feeding, etc. in between snaps! This session includes at least 10 edited files and a 11x14 Canvas that you won't want to miss!

** Family and sibling photos can be included in the shoot at the beginning. More info will be provided during our consulting time together.

How about Toddler and Cake Smash sessions? Want photos taken at the Hospital just after a newborn's birth? Proposal or Engagement? The possibilities are endless and always fun!

Please keep posted for Monthly Mini Sessions or Open Studio nights! Prices will be listed with the advertising of each event. These are all fun little sessions with a theme or sometimes, re-creations of famous photos.

I sometimes offer "modeling calls" for specific projects. The first to respond to a modeling call will not be charged a fee for the session but, will be given the option to purchase files and/or prints!
